EDITOR'S NOTE

A good yearbook is one that presents a true picture of the students, their experiences, and their school. It shows how the students worked and studied; how they laughed and learned; and above all, what they thought and felt during the years the school belonged to them.

This is what the 1971 Annual Staff has tried to bring you — a scrapbook of memories that serves as a guide for the future. We do not want you to dwell upon it sadly, but to be reminded of days now gone so you may profit from them in days to come.

We have lived our days in CHS to the fullest, and perhaps they have molded our character somewhat. But now they are over, and we must remember to live life, not the past. For when the disillusionments of yesterday and the disappointment of today have faded, the PROMISE OF TOMORROW will still remain.

CHILLICOTHE SCHOOL SONG

Singing glory to the Scarlet and White.
For Victory we will fight, fight, fight.
Our high school is there in the right,
We'll back her with all of our might.

Keep fighting ahead for that job to do.
Keep fighting, Eagles, it's all up to you.
So fight, fight, Eagles, for C.H.S.
Where banners waving lead on to success.

SUPERIN- TENDENT'S MESSAGE

It is true that time awaits no one. But, be that as it may, this yearbook can and will bring memories of the past. Perhaps it will help you to relive some of the most colorful, memorable or even sad moments of your high school days. As time passes and memories begin to dim, recalling and reliving those days of yesteryear should bring much happiness. That is a commodity needed by all.

It is a changing world that we will encounter as we leave the halls of CHS. To us the school has been much more than a place of learning. Here we were known; here we were comfortable; here we were secure. But now we must leave that security to join a beckoning world. It is the world that we will inherit — the bad along with the good. But we will remember and practice what CHS has taught us — it will be as good as we make it.

So the Seniors of 1971 point themselves toward the future, knowing it can be better and knowing, too, that we are the ones who will make it so.

This is the promise of tomorrow.

JUNIORS

People engulf the student. They pass notes and whisper to him in class; they guide him in his quest for knowledge; they cut in front of him at lunch. And unknowingly, they contribute a part of themselves to him. Who is the student — really? He is an individual, slowly awakening. What he does and doesn't do molds his character.

Into the shaping of our character go many happy memories of our Junior year. These remembrances cannot be taken from us; instead they are tucked away in our hearts to reflect upon as citizens in the world of tomorrow.

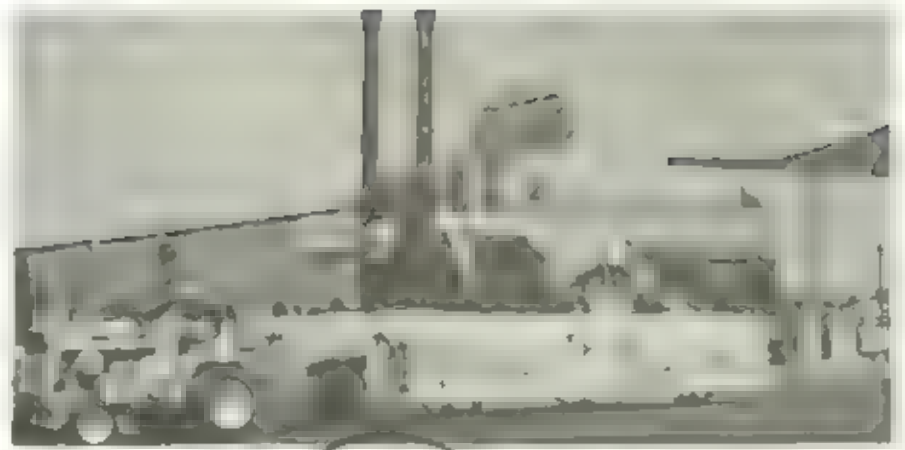

Into my heart's treasury
I slipped a coin
That time cannot take
Nor a thief purloin —
Oh, better than the minting
Of a gold-crowned king
Is the safe-kept memory
Of a lovely thing.

SOPHOMORES

As the doors close slowly behind us, we look back into the year to share the laughter and sorrow we once shared as sophomores. This year, things were different. We were no longer frightened Freshmen walking down the halls, not knowing what to expect next. We were accepted! No longer on trial, we participated more and really felt a part of CHS. We experienced sad moments of trial and error and moments of triumph. We conquered the fear of being alone.

Each year holds its wonderful memories, and this year has been full of ones so precious that they will long be remembered by every student of CHS.

The sound of happy voices, spirit of good sports, and the molding of some great ideas all blend into the experiences of our second year in high school.

As our Sophomore year comes to a close, we take this opportunity to thank our classmates and other students who have helped make this year one of the happiest and most rewarding of our life.

FRESHMEN

"Busy as a spider . . ." This could depict the activities of the freshmen at CHS. This section is devoted to the Freshman students and their daily life. We have done our best, however, to overlook that dreary aspect of student life known as studying, and concentrate on more educational aspects.

I do my thing
And you do your thing.
I am not in this world
To live up to your expectations,
And you are not in this world
To live up to mine.
You are you
And I am I,
And if by chance we find each other,
It's beautiful.
If not,
It can't be helped.
